7 DIFFERENT COLORS

NEW EASY-CLEANING
REMOVABLE OUTPUT

Strong and reliable Electronic Coffee Grinder on-demand with 83 mm flat burrs. Its aluminum and steel body and the powerful 650 Watt engine make it an indestructible work companion. The on-demand system of MST-83P E grinds only the coffee dose required, in order to preserve unchanged all the organoleptic qualities contained in a roasted coffee bean. Thanks to the continuous micrometric adjustment system, MST-83P E ensures unmatched homogeneity of the grind.
